Organized by

Department of Medical Imaging Technology

Charotar Institute of Paramedical Sciences

CHARUSAT UNIVERSITY

PROPOSAL

We are organizing series of lectures on the theme "Early detection better Decision" on 5th October 2018 within the campus; two lectures will be taken by the speakers on the various breast cancer related issues.

The speakers are mentioned below:

1. Dr. Rajashri S Patil, Mahagujarat hospital, Nadiad.
2. Dr. Shreya Desai, Pramukh swami Medical College, Karamsad.
3. Dr. Sunny Mishra, Charusat hospital, Changa.

We invite the female staffs and students of various institutes.

Date: 5.10.2018

Time: 10.00am to 12.00pm

Venue: MCA auditorium

Campaign

Our student and staffs will be going in schools of different villages in Nadiad, Anand and Changa throughout October for which we have received positive response from the management of schools. During this campaign our students and staffs will be conducting awareness programs for the girls and female staffs of permitted schools, so we are going to cover at least 15 schools in initial phase. We will be delivering presentations regarding breast cancer, its types, early screening, lifestyle and healthy habits needed to be accept to fight the breast cancer.
